

Divine Worship and Human Healing: Liturgical Theology at the Margins of Life and Death

Would many believers consider a wake or funeral an act of worship? What does it mean to say that in anointing the sick or administering Viaticum to the dying humans are healed? Such questions plumb the biblical and traditional depths of the paschal mystery. Just as Jesus ministry at the social-religious margins revealed the center of his faith in God's reign, so also the church's ministry to sickness and death reveals much about the baptismal and Eucharistic worship so central to its entire life. In *Divine Worship and Human Healing* Bruce Morrill turns to the rites serving the sick, dying, deceased, and grieving to show why sacramental liturgy is so fundamental to the life of faith. Readers will appreciate both his compelling narratives from actual pastoral experience and his engagement with biblical, theological, historical, and social-scientific resources. Morrill invites readers to discover how the liturgical ministry of healing discloses God's merciful love amid communities of faith. Jesuit Father Bruce Morrill discusses new book on Liturgical Theology from Jesuit Conference USA on Vimeo. Bruce T. Morrill, SJ, holds the Edward A. Maloy Chair of Catholic Studies in the divinity school at Vanderbilt University where he is also Professor of Theological Studies. In addition to numerous journal articles, book chapters, and reviews, he has published several books, most recently *Encountering Christ in the Eucharist: The Paschal Mystery in People, Word, and Sacrament* (Paulist Press, 2012). His most recent book with liturgical Press is *Divine Worship and Human Healing: Liturgical Theology at the Margins of Life and Death* (Pueblo/Liturgical Press, 2009).
