

Celebrating Celestial Marriage

Marriage should be a celebration! Celestial marriage is intended to be a joy, a celebration, writes author Richard K. Scott. This celebration, however, is not a single event, but an ongoing, transforming process. Celestial marriages are born in the temples but are nurtured and tutored to maturity in homes. For everyone from young couples preparing for or just starting their marriage to seasoned couples looking to upgrade their honorable terrestrial union to a valiant celestial relationship, *Celebrating Celestial Marriage* offers timeless advice from leaders of the LDS Church on how to create a happy and lasting marriage. Drawing on thirty years of experience teaching for the Church Educational System, the author shows us how to create the kind marriage we envision when we kneel at the altar the kind of marriage that leads to fulfillment in this life and in the eternities. For all who revere Latter-day prophets and willingly follow their counsel, this powerful book will serve as a valuable resource to help you make your marriage the celebration it should be!
