

Childless: A Novel

The second installment in the riveting new trilogy from Dr. James Dobson and Kurt Bruner transports readers to a not-too-distant future when the young and healthy strain under the burden of a rapidly aging population. Everyone is nervous about how Judge Victor Santiago will rule. The case involved the tragic demise of a loving mother and her disabled son. A common medical procedure has somehow created havoc across the legal and economic landscape. The president's popular Youth Initiative is losing momentum. Political and economic fortunes are at stake. That's why someone, somewhere, would rather put the judge in his grave than risk a wrong decision. Tyler Cain, a once respected police detective turned sleazy private investigator, has been pulled into the middle of events way above his pay grade. He hopes the case will restore some measure of dignity. But does he have what it takes to find the potential assassin before time runs out? He seeks help from Julia Davidson, a newly married journalist, who finds herself torn between the influence she craves and the husband she loves. She wants significance. But he wants a child. In *Fatherless*, Dr. James Dobson and Kurt Bruner depicted a time in which present-day trends come to sinister fruition. This eagerly awaited follow-up vividly imagines what happens when the abiding joys of parenthood are exchanged for the gradual deterioration of a CHILDLESS world.
