

## Book of Hours: In Shadow and Sun: 2nd Edition

This book is an invitation to come and make your home in the present moment. For the souls who are crying out for nourishment in the midst of the pressures of daily living, this book is for you. For tired hearts feeling lost, scattered, restless, uninspired, this book is for you. For those who find their hours slipping past too quickly, and long to make their moments count, this book is for you. For those who want to pray, but their faith feels too broken, too elusive, too much, this book is for you. I have found a measure of peace and gratitude in observing the Liturgy of the Hours, and my great hope is that through this collection of poetry, you will find the same.
