

Insights from Incidents

God reveals Himself-and us-in sundry ways, along with the Scriptures! In the authors life, He has done so via specific events, incidents, and personal experiences-rattlesnakes, roses and rain storms, sunsets and sermons, phone calls and world news, real people and characters from novels , broken bulbs and Bible personalities, loss and love, joy and sorrow-insignificant and noteworthy incidents. They have provided new perspectives and self-awareness that continue to feed, remind and motivate the author in her growing faith in and knowledge of Almighty God. The fifty musings that fill these pages may, also be helpful or simply interesting to others in their own journey of faith.
