

Called to Lead: Catch the Vision!

Being called into a position of leadership is very exciting, but it can also be a little scary and cause us to question ourselves as to whether or not we are qualified. In this book we will consider what it means to serve the Lord--including the importance of the call, personal preparation, spiritual warfare, and even the importance of etiquette in ministry. I pray that during our time together you will catch the vision of the great privilege it is to be a servant of Jesus!
