

Montynes Inferno

The book that reads like a motion picture synopsis a painting can forever speak, long after its creator is gone. art makes us immortal Montynes Inferno Las Vegas architect Taylor Blackmore is forced to pursue justice against Jack Jackson, the man who caused the death of his father, the world-renowned artist Montyne, and the destruction of Taylors architectural business. Jacksons ruthless goal is to unlock the secret of the lost gold in the fabled Black Limousine, while orchestrating the downfall of the famous Washington Five family by playing on the ambitions of the youngest, undiscovered Washington daughter, LaTina. As Taylor navigates the treacherous shoals of a love affair that began innocently, on his part, with the wife of Nick The Fixer Waters, he must use all his ingenuity and a great deal of money to bring down the wicked Jackson. In a quid pro quo with the The Las Vegas Real-Journal newspaper, Taylor furnishes a photograph of The Fixer that sets off fireworks in the University of Las Vegas basketball department, the shock waves of which are still being felt. Now Taylor must lure another vicious player obsessed with the desire to possess the gold the devious Hunter out of hiding. To do this, Taylor relies on the skills of his lifelong friends, eccentric antiquarian Adam Zurich and former investigator and bodyguard Lou Kane. Taylors newfound love for Tremeel Jones, the reporter/anchorwoman who plays a central part in the destruction of Taylors enemies, gives him hope for the future. Inspired by true events, Montynes Inferno soars to dizzying heights and unimaginable depths in its path to true justice. You wont believe what you are about to read.
