

Minority Reporter

This is a story that many in Scotland would rather wasn't told. It charts the work of campaigning Irish journalist Phil Mac Giolla Bhain over a five year period on the subject of anti-Irish racism in Scotland. Minority Reporter also examines the life and times of Neil Lennon at Celtic and why the Scottish media tried to excise the ethnic from their analysis when writing about his victimisation. As with Phil's last book, the bestselling *Downfall*, this is a triumph for online over the mainstream.
