

# Confronting Cancer with Faith: a Quick Guide for Spiritual Encouragement.

God is bigger than cancer. I was in the midst of chemotherapy for breast cancer when I first heard those words. As I look back on my journey, I realize God had plans for me beyond healing. This book is composed of modified excerpts from my comprehensive 6-week Bible study entitled Confronting Cancer with Faith A Study of Encouragement, Comfort, and Hope Through the Trials of Cancer. Each lesson opens with a focal Bible verse to introduce the theme. The primary goal of the Quick Guide is to encourage you to incorporate your cancer world into an unforgettable time of spiritual renewal and growth. Using my experience as an example, you, too, can magnify your faith and press through the fear and uncertainties cancer brings.
