

# Reprioritizing for Group: Four Ways to Point to Small Groups (You Lead Series Book 8)

No matter how large or small your ministry is, this is true: crowds and small groups serve different purposes and have different effects. Crowds are great for creating energy and attracting kids. When it comes to helping kids and students apply faith and principles to everyday life, however, the relationships built within a small group will trump the energy of a crowd every time. In *Reprioritizing for Group*, Kenny Conley (nextgen pastor at Gateway Church, Austin, Texas) examines four areas in which leaders can reprioritize to maximize the effects of small groups: programming, volunteers, budget, and time. *Reprioritizing for Group* is part of the You Lead Series, ebooks you can read in one sitting, by Orange, a division of The reThink Group.
