

Sanctification

Sanctification is a very important religious topic that is not discussed enough by Christians and believers who endeavor to live good lives. The book addresses difficult questions about what sanctification is, how sanctification relates to one's spiritual path, and how sanctification is described in the Bible. Sanctification is not attained through works but through the finished works of Christ. Aiming for sanctification by works negates the invaluable price that Jesus paid on the cross of Calvary. Sanctification closely follows the scriptures in order to reveal to readers how important it is that we glorify and honor God in our daily lives. Sanctification is an ongoing process, and this book clearly and astutely outlines the way people can begin, and continue on, their paths towards righteousness.
