

The Sowers Book: A Workbook and Planning Guide for Homilists and Preachers

Like the sower in the Gospel parable, homilists scatter seeds of faith each Sunday, calling forth growth in the hearts of their hearers. But such sowing requires a range of supportive, accompanying work: seeding, planing, harvesting, gleaning. The Sowers Book has been written for homilists and preachers who believe that preaching is a ministry?indeed, the most important communication they have with the communities they serve. It is designed to provide a framework by which homilists can think through and develop the Sunday homily over an entire Liturgical year.
