

## The Adrian Assignment

In the Bible Book of Job, Satan gets permission to attack Job. He is still attacking humans. He sends a couple of his demons to destroy a seven-year-old boy with polio. This boy is an active boy who loves to climb trees, play ball, and generally play hard. The boy finds himself in the hospital with the number one child killing disease of his time. The doctors do not have a cure. The disease progresses. He becomes completely paralyzed on one side. The boy has strong faith. A guardian angel is sent to encourage him and keep up his spirits. Family and friends try to encourage him by visits and gifts. Good memories help some. The doctors do all they know how. Will this be enough? Will he live or at best survive as a cripple?
