

Father Your Child: The secret of successful fatherhood

Whether a well behaved child, responsible citizen, fulfilled or not; or a drug addict, immoral, rebel, or a prostitute a child originated from a family and a result of parenting. Parenting is very important no doubt and the responsibility of each spouse can never be over emphasized. This book focuses on the role of fathers in parenting. It is to motivate fathers to pursue the intangible things that last far better than the tangible things. Pursuit is the proof of desire. What you dont pursue you dont possess (Mike Murdock). Therefore this book is written for fathers so as to achieve the Dream Child they have always wanted. This will require hardwork and even time but they need to know that bringing up a morally Godly Child is why God called them to be fathers. Go after the dream with passion and you will achieve it.
