

The English Hymnal with Tunes

This early collection of English hymns is both expensive and hard to find in its first edition. It contains a large number of hymns for the Christian calendar complete with sheet music melodies and lyrics. This is thoroughly recommended for anyone with an interest in the Christian musical tradition. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork
