

The Good Dad: Becoming the Father You Were Meant to Be

Its never too late to be a better father Jim Daly, president and CEO of Focus on the Family, is an expert in fatherhood in part because his own fathers failed him so badly. His biological dad was an alcoholic. His stepfather deserted him. His foster father accused Jim of trying to kill him. All were out of Jims life by the time he turned 13. Isnt it odd and reminiscent of the hand of God that the director of the leading organization on family turned out to be a guy whose own background as a kid and son were pretty messed up? Or could it be that successful parenting is discovered not in the perfect, peaceful household but in the midst of battles and messy situations, where God must constantly be called to the scene? That is the mystery unraveled in this book. Using his own expertise, humor, and inexhaustible wealth of stories, Jim will show you that God can make you a good dad, a great dad, in spite of the way youve grown up and in spite of the mistakes youve made. Maybe even because of them. Its not about becoming a perfect father. Its about trying to become a better father, each and every day. Its about building relationships with your children through love, grace, patience, and fun and helping them grow into the men and women theyre meant to be.
