

Wounded To Live

How is it the some people drill deeper and come out stronger while others are defined by their wounding? At some point along the timeline of pain, some find tools to drill deeper while others chose not to. These tools, when discovered and used, lead to a fuller more vibrant life. Wounded as a child, the author became more deeply wounded through the violent loses he experienced as a Navy combat search and rescue helicopter pilot. Struggling with suicide, the author gave the appearance of being fine on the outside while dying on the inside. It is the authors prayer that as you read Wounded to Live, the tools that are helping him face his day will also give you the courage to face your day
