

Bundle of Joy (Being Dad: A Chronicle)

Sometime in 2003, when my wife conceived our first child, I found myself writing blog posts on my experiences as a father. Today, having documented many of the milestones traversed, I thought it would be a good idea to share some of those experiences with other newbie, or wannabe, parents. This book reproduces many of my blog posts on the subject of fatherhood, tracing the journey of my experiences as a parent, from my first child's birth to the time she reached about three years of age.
